CAREER OBJECTIVE

- Recently completed my graduation with Bachelor’s degree in Information Technology (2024) and Completed 3 internships focusing on problem-solving, data structures, algorithms, and research.
- Proficient in Java and familiar with JavaScript also it’s frameworks as React.js.
- Currently learning DevOps and expanding my skills in cloud security
- Core team member at @**BrowserStack Community** and Contributing to open-source
- Certified Network Security Practitioner (**CNSP**) from SecOps & **JPMorgan** Virtual Internship
- ManageEngine Certified Product Associate (**MECPA**), Cybersecurity IAM from ManageEngine

SKILLS & TOOLS WORKED ON

- Java, Problem Solving DSA, Databases (GraphQL, MongoDB)
- Spring Boot, Typescript, Next.js, Node.js, HTML & CSS, JavaScript, WebSocket
- API Development, Gitlab, CI/CD, Docker, Serverless Computing
- Visual Studio, eclipse, Postman, Agile Methodology – Jira Board
- Automation Testing & Manual Testing, Debugging, Linux understanding

EXPERIENCE

1 – Zidio Intern in Web Development – Remote • Reactjs, Tailwind CSS, Figma	1 Month – 2024 (FEB – MAR)
2 – GAOTek Inc. Intern in Full stack developer – Remote(New York Based) Reactjs, Nodejs, LLM Model	7 Month – 2024 (MAR – SEP)
3 – JPMorgan Chase & Co. Cybersecurity Engineer Virtual Experience	2 Month – 2024 (SEP – OCT)
4 – Outlier AI AI Training Engineer Expert – Remote & Ongoing(US Based) Role and Responsibilities: Python, LLM Models, Code Review	Ongoing

EDUCATION

BS – Information Technology & Computer Science University of Mumbai – GSCC	2021 – 2024 Overall – 8.30 CGPA
--	---

Licenses & certifications

<ul style="list-style-type: none">• ManageEngine Certified Product Associate(MECPA) EventLog Analyzer – Cybersecurity, IRM• HackerRank – Java basics to advance & React.js, SQL• JPMorgan Chase & Co. Cybersecurity Simulation – Virtual Internship• Certified in Network Security & Cloud Security (CNSP & CCSP-AWS)• Oracle Cloud Infrastructure Certified – Gen AI, Vector Database, Model• POSTMAN API Certification – API Testing	<div>From MangeEngine</div> <div>From HackerRank</div> <div>From JPMorgan</div> <div>From SecOps</div> <div>From Oracle</div> <div>From Postman</div>
---	---

PROJECTS & WORKING

- Log Ingestor System
- Sorting Visualizer
- Access System –
Microservice Project (Java
Spring Boot)

HACKTHONS

- AI Amplifier
- MumbaiHacks
- EthMumbai
- Coding Ninja Contests
- Leetcode contests

PROBLEM SOLVING

- LeetCode: 150+ problems
- HackerRank: 5 Star (Java)
- CodeChef: 2 Star
- Codeforces: 2 Star
